Case Investigator at TBG

APPLY HERE: <https://bachrachgroup.com/covid-19-jobs/>

TBG is currently partnering with New York City Health + Hospitals to hire Case Investigators. These are remote, provisional positions.

The ideal candidates will be able to work 40 hours per week and have the ability to work on weekends. Hours of operation are 9AM-9PM. The operation is 365 days a year.

Hiring will be prioritized by preferred languages & zip codes.

Prioritized languages: Spanish

SUMMARY OF DUTIES AND RESPONSIBILITIES:

Under the supervision of the Case Investigator Supervisor, performs remote work in support of COVID-19 contact tracing, with alternative work schedules and/or compressed work weeks. Conducts COVID-19 case interviews and contact tracing using a trauma-informed, culturally respectful approach that builds trust and facilitates the free sharing of information. Follows all scripts, policies and procedures provided through training and complies with appropriate handling of confidential information related to case interviews and contacts. All work is conducted in a confidential manner.

- Conducts telephone calls with persons diagnosed with COVID-19 to complete case interviews, elicit and trace contacts exposed to COVID-19.
- Provides follow-up instructions to cases and to contacts related to isolation/quarantine, symptom monitoring and assesses the need for medical care and supportive services for the individual and/or household or close contacts.

- Communicates with cases and contacts in a professional and empathetic manner.
- Collects and records information obtained from the case interview and contact gathering into the data system in accordance with standard operating procedures.
- Follows approved scripts and protocols, provides people with approved information about isolation and quarantine procedures, and if appropriate, refers them for testing.
- Maintains daily communication with assigned Case Investigator Supervisor.
- Provides information as to where to find other social and/or health resources using approved script or resource list.
- Protects and maintains individuals' privacy and confidentiality.
- Manages assigned caseload and ensures prompt and accurate data entry and follow-ups with cases and/or contacts and escalates cases to supervisor, as appropriate.
- Recognizes, documents and alerts the supervisor of trends in customer calls.
- Checks records for accuracy of information and for conformity with established policies and procedures.
- Effectively communicates and demonstrates the System's acknowledgment and awareness of diverse health-related needs and concerns to patient, family members, caregivers, staff and the community.
- Performs related work.

REQUIRED/DESIRED COMPETENCIES:

- Ability to demonstrate a professional, positive attitude and work ethic.
- Ability to understand the concepts of institutional and structural racism and bias and their impact on underserved and underrepresented communities.
- Familiarity with cultures and NYC communities that have been predominately impacted by COVID-19.
- Excellent interpersonal skills and ability to interact professionally with people from diverse cultural, racial, ethnic, gender, and socioeconomic backgrounds during a time of crisis and distress.
- Have a demonstrated commitment to supporting communities who have experienced systemic oppression and bias (e.g. people of color, LGBTQ+ people, immigrants, justice involved persons, etc.).
- Ability to show empathy and be nonjudgmental towards distressed individuals.
- Experience navigating computer systems and ability to comply with data integrity and security policies, safeguarding all personal identifiable information.
- Ability to speak, read, and write English.
- Proficiency in languages other than English a plus.

QUALIFICATIONS FOR THE JOB:

For Appointment to Assignment Level I:

1. All appointments to this position require New York City residency (Brooklyn, Bronx, Manhattan, Queens or Staten Island); and
2. Satisfactory completion of the online COVID-19 Contact Tracing Training Program; and
3. A four-year high school diploma or its educational equivalent approved by a State's Department of Education or a recognized accrediting organization and four (4) years of full-time satisfactory experience in a health promotion or disease intervention/prevention program, performing one or more of the following: interviewing, conducting field investigations, assessing health risks, making referrals, or collecting and analyzing epidemiological data; or in case management, social work, or similar experience in a non-profit or public agency; or medical office, community health, health care enrollment or related experience, or field surveying, research or investigation

in non-health sector, or personal care experience; or

4. A baccalaureate degree from an accredited college or university and six (6) months of full-time satisfactory experience as described in "3" above; or

5. A baccalaureate degree from an accredited college or university, including or supplemented by twelve (12) semester credits in health education, or in health, social or biological sciences; or

6. A satisfactory equivalent combination of education and/or experience. However, all candidates must have a minimum of a four-year high school diploma or its educational equivalent.
